

**HONOR ROLL:
A List of *PVN* Subscribers
1983 Thru Mid-2008**

When, in 1983, Don Griffin, Ernie Richards, and Bob Weller formed Florida Treasure Brokers, it was felt that a communication link between them and their clients was necessary, and “PLUS ULTRA Newsletter” was originated. The eight-page “letter” contained information about upcoming and just-past “showings” —gatherings at one home or another— with the sale of shipwreck coins, artifacts, and relevant books in mind. The periodical, from its inception, contained coin sketches and text to educate its readers about shipwreck (mainly Spanish) coins and make them more “informed” buyers. It was to run for four quarterly issues in 1983, but the interest in the subject was being so absorbed by the clients that a second year was factored into FTB’s budget; sales records warranted it! Still free to coin-buyers, confirmed and potential alike, the home-grown publication soon had fifty regular “subscribers.” Then, collectors and treasure aficionados from within Florida and outside the state began contacting us to “get on the list.” Well, it wasn’t long before it started getting costly to produce *PVN*, and our good friend **Frank Sedwick** suggested that I charge people a fee for the work we were producing. “People will pay for this?” I asked incredulously. Frank answered that information this good should not be given away! He was, by then, “Dr. Cobs” ... and I took stock in what he said, charging \$5.00 for a mailed-out subscription.

We are proud to list the collectors, treasure hunters, numismatists, scientists, historians, educators and others who currently or formerly subscribed to *PLVS VLTRA Newsletter*. Many readers joined us early, and many have remained as regulars while our subscriber base increased. In this fast modern world, people are on the go and on the move, so we list the latest address that we have for each reader ... which is not necessarily the first, or even second, address on record. In these 25 years a number of our treasured subscribers have gone on to their rewards, and we miss them dearly.

Most of this listing, although probably containing inadvertent errors, has been carefully compiled from hard-copy mailing lists and index cards which have survived the years. Names and addresses for the first two years, in which subscriptions were gratis to our coin customers and other interested parties, have been collected from a few printed label sheets, many scraps of note paper, and letters which have been discovered in old shoe boxes. Having had three major computer losses over time has surely cost us some bits of data which we did not recover from hard copy, but we must be in the 99-percentile of correctness for all this effort.

Thinking of *PLVS VLTRA Newsletter* as a journal, we have encouraged readers to be writers and send us articles pertaining to their studies or our common interests. In this list, those who have responded with items or stories written by them have their last names in bold type. Those who have supported our efforts with documents, photos, and news clips also have their names in bold, as do others who have supported the production of *PVN* and who have sponsored other readers over the years. We thank them all; without their participation the newsletter would not have lasted this long nor have been as interesting.

One name is totally bold —first and last name. This is Bob “Frogfoot” Weller’s. Bob, of course, was my co-editor through much of the history of *PLVS VLTRA*, providing the exciting articles about sunken galleons and how they were lost ... and then found. He lived the recoveries, and he had a way with words, a combination that enabled him to write ten books on the subject of sunken treasure. It is still exciting and informative for me to read his accounts of the loss of galleons and galleon fleets during the developmental years of the Americas. The biggest thank you of all goes out to “Frogfoot,” without whose “pen-scratching” *PVN* could never have been.

The following table contains the names of over 1,100 current or past subscribers of **PLVS VLTRA Newsletter**. We thank you deeply for your interest and support over the last 25 years, and we hope you continue to read our humble publication, wherever you have moved.

To locate yourself or someone near you, scroll to the top of the table and press “ctrl-f” simultaneously on your keyboard. This will bring up the FIND window. By last name, city, or state, enter your search word. You may find someone in your hometown —or nearby— who shares your interest in shipwrecks or Spanish colonial coins. But you may also find yourself “on the Internet!”

PLEASE use discretion in contacting any of our friends. If you are/were a subscriber, and your name does not appear in this table ... please e-mail SeaScribe@att.net and submit your name and hometown.

GOOD HUNTING!

Ernie Richards
